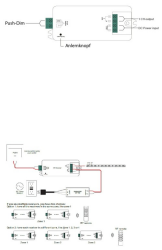
**Order number: LG5433**

# Element POWERMANAGER MONO DIM MKII



## Product information "Element POWERMANAGER MONO DIM MKII"

CONTROLS / ELEMENT SERIES

For comfortable control of LED strips and low-voltage lights, we offer various systems. You can choose between wireless, Wifi or DMX connection and benefit from the respective advantages.

POWERMANAGER MONO DIM MKII

The Litegear Element Controller is a 1-channel dimmer module. The controller can be controlled via a suitable remote control or via cable by the push dim function. The LG5433 is suitable for dimming LED strips and low-voltage LED lamps. It is easy to connect the suitable remote control through the "Sync button". The Converter requires an external power supply

## Technical Details:

| | |
|---|---|
| **Power Consumption:** | 288 W |
| **Ambient Temperature (TA):** | -20°C - 40°C |
| **Housing Material:** | plastic |
| **Housing Color** | white |
| **Zones:** | 1 |
| **Channels:** | 1 |
| **Dimming:** | 1-100% |
| **Transmission Frequency:** | 433/868MHz |
| **Dimensions** | 95x37x23 mm |
| **Net Weight:** | 48 g |
| **Warranty** | 2 years |
