Element WR41 DUAL DIM DMX

Product information "Element WR41 DUAL DIM DMX"

CONTROLS / ELEMENT SERIES

For comfortable control of LED strips and low-voltage lights, we offer various systems. You can choose between wireless RF or DMX connection and benefit from the respective advantages.
WR DUAL DIM DMX 41 wireless RF
The wall DMX control is a 2-channel controller / dimmer. The control is wired with the standardized DMX512 protocol. A short press on I / O activates or deactivates the suitable controller.
Through longer pressing the button with the "sun" the controller dims up or down. Flicker-free dimming of 1-100%. The controller is suitable for controlling two-color LED strips (CW + WW). The color is selected via the touch-sensitive color wheel. The buttons S1-4 can be used to save and recall scenes. The power supply requires an external power supply. For remote control you need a suitable converter.

Properties:
  2-channel (cw + ww) LED remote control DMX one zone
  DMX control over cable
  each zone can be controlled or synchronized separately

Technical Details:

Ambient Temperature (TA):	-10°C - 40°C
Housing Material:	plastic
Housing Color	white
Zones:	1
Scenes:	4
Channels:	2
Dimming:	1-100%
Dimensions	86x86x41 mm
Net Weight:	135 g
Warranty	2 years
